## About us

Affinis Techno Soft is a software development company in India. It has been operative independently since 2003 & recently been taken over by Affinis Engagements Pty. Ltd., a consultancy firm in Australia. Affinis Engagements is a Multi National Company successfully providing its services currently in Australia, USA, Canada and India

The core line of activity at ATS is to develop customized application software covering the entire responsibility of performing the initial system study, design, development, implementation and training. It also deals with consultancy services and Electronic Security systems. Its primary clientele includes educational institutes, entertainment industries, resorts, theme parks, service industry, telecom operators, media and other business houses working in various capacities.

Affinis Knowledgeware, the Research Training and Development Department of Affinis Technosoft is a professional training Company offering IT enabled services & industrial trainings for B-Tech, MCA, BCA, MSc and MBA fresher's and experienced developers/programmers in various platforms.

## Our Vision

To provide solutions to corporates and become preferred employer to deserving seekers

## Our Mission

To blend dynamism with intelligence and develop solutions which are unique and practical in their own different league.

## GET THAT EXTRA EDGE...

- ✍ In the current era of impatience and competition, every person seeks to learn and at that learn quickly.
- ✍ Affinis Knowledgeware constitutes a group of futuristic individuals who are ready to create that extra edge over others.
- ✍ We want the "Why not" category to be a part of us: The people who think hard and are really interested in finding solutions to any problem.
- ✍ We want Opportunity seekers to be a part of us: The people who want growth and are interested in capturing chances.

We are growing and if you seek growth, join us.

**LEARN WITH THE LEARNED...**
